ARTIST INDEX

In this section of **Alternative Rock Hits**, we list every record that has hit the Alternative Rock Top 10 songs chart from 10 September 1988 to 31 December 2016.

The information is presented alphabetically by artist's first name (instead of the surname), and then chronologically for each hit.

Each hit single is catalogued with the following information: date disc first hit the chart, title of hit, highest position the hit reached on the chart, and total number of weeks spent at #1.

The Heavy Edition also contains the total number of weeks spent on the chart.

Symbols:

- ① Number One Hit
- ▲ Top Three Hit

Collaborations:

We have credited collaborative hits under the entries of all the artists involved. So, for example, you will find Seether and Amy Lee's 2004 hit, "Broken", listed twice - once under Seether and once under Amy Lee. The points of this hit are given to both artists.
